## Dear friends of the House of One,

More than ever before, we look for an open togetherness, for acceptance, curiosity and regard for one another in our society. The House of One is a place that makes such encounters possible. A place where people come together to talk to each other and not about each other. A place to learn from each other and together make our world a better place.

The more people support the House of One and carry it forward, the more the idea gains strength. Help us with your donation to let this dream of a House for All continue to grow.

As 2021 draws to a close - the Christian friends among us are preparing for the end of Advent and Christmas - we would like to invite you to be part of the House of One in a special way. You can inscribe your personal message, wish or prayer for the House of One on a brick. Virtually or, for a donation of 50 Euro or more, will see your personal inscription handwritten in chalk on a brick during a special dedication ceremony. Your brick with your message will subsequently be built in the House of One.

You can send the virtual bricks yourself as a personal message and we will also publish your words via our social media. The real bricks will be built-in with your message in the House of One in Berlin.

### **This is how it works:**

#### **1. WRITE your positive intention, your wish, your prayer on a brick**

- Download YONA from your App-Store

- Scan the House of One sketch with the Scan-it symbol on top of the English version of this mail with your YONA-App
- A virtual brick will appear on your display
- Type your wish and your name in the field shown

## 2. Donate for the House of One

We are grateful for any donation, small or large. If you donate 50 euros or more, you will take part in our inscription campaign and your message will be handwritten with chalk on your personal House of One-brick.
